- Notes:**
1. This Permit along with a city approved set of plans must be maintained at the job site and be made available upon request.
 2. This permit is issued for the purpose described in this application with the express condition that every element in this permit is faithfully performed per the approved plans including Kenilworth codes and ordinances and any special provisions attached, which are hereby made part of this permit.
 3. Notification to any affected property owner must be made prior to beginning work, including approximate completion date.
 4. Proper traffic control and barricades around job site shall be in place at all times.
 5. No excavations or storage of materials or equipment shall be allowed within the dripline of any parkway tree.
